## **Cinderland**

## Grandaddy

Outdated dreams have kept Your friends around I've seen them sad and wet In cast off gowns

I don't know though
I've been wonderin'
Who looked at you

Seems a lie
And so untidy
It's downright cruel

Remember Cinderland
Once was our town
But since you went away
It's barren ground

I don't know though I've been wonderin' Where did you go?

Seems one sided
So untidy
It's downright cruel
