

Dear Home Town

Great Big Sea

1. No one knows
What's waiting where you go
Nothings certain but the fact that you're leaving

But still you roam
From the straight and narrow road
Riding nothing but the lies that you believe in

2. Frame after frame
The pictures still remain
Photographs of all the hearts you've broken

Frozen in time
Are the ghosts you left behind
Waiting for the words you left unspoken

- R: Dear Home Town
I never meant to let you down
When I sold my soul for a song
The dreams are to blame
They still linger and remain
In the heart of a child who's been gone
Dear Home Town

3. Tell the girl
It's a wide and wondrous world
Room enough to leave a life your hating

The highway runs both ways
And there's seat's left on the train
If you take it to the station, I'll be waiting

- R: Dear Home Town...

- *: Tell my Mom
That I miss her lovin' smile
Tell my Father
That I really miss his laughter

4. Tell my sisters and my brothers
Tell my friends and all the others
That we'll meet in the Sweetest Hereafter

- R: Dear Home Town... (2x)
