

# Get On Home

Great White

Been thinking now what I should do, I got to decide  
Just waiting here on the likes of you, my Thursday child  
I'll face the music that I hear in my head as the night rolls by  
Song of a drifter lost to the road trying to reach for the sky

Got to get on the road  
Got a long way to go  
Got to get on home  
Got to get on the road  
Got a long way to go  
Got to get on home

So nothing lasts and I can't change I been this way too long  
Love burns so fast when you see the flame you got to let it shine on  
God only knows it's hard to find a place to belong  
And as you grow to find your way you have to move on  
So I go my way like a shadow at night like a name on the wind  
I'll sail away to an ocean of love let the tide roll in

Got to get on the road  
Got a long way to go  
Got to get on home  
Got to get on the road  
Got a long way to go  
Got to get on home  
Got to get on the road  
Got a long way to go  
Got to get on home

Like a river running out of the snow  
Down to the ocean I'll go  
Like a river with a soul of its own  
I got to let my love flow

Got to get on the road  
Got a long way to go  
Got to find my way back home  
Got to find my way my way home  
Been such a long time
