

Last Time

Great White

Well, I found a new way
Not the way the old folks tried
Well, I'm pushing harder
Got my sights set for the sky

I live my life on the run
I do my time on my own
If you get too close
You can steal my heart

So you want me back now
Sorry, baby, I can't stay
You had your chance, girl
But you threw it threw it away

I tried to make you mine
You wouldn't give me the time
I don't want to feel that pain any more

The last time, the last time, the last time I fall
The last time, the last time, the last time I fall

Well I'm on my way
I've got no time to lose today
I tried to make you mine
You wouldn't give me the time
I don't want to feel that pain any more
Pain any more

The last time, the last time, the last time I fall
The last time, the last time, the last time I fall
The last time, the last time, the last time I fall
The last time, the last time, the last time I fall
The last time, the last time, the last time I fall
The last time, the last time, the last time I fall
The last time, the last time, the last time
The last time, it's the last time that I'll fall
The last time, it's the last time that I'll fall
