

Over And Over

Gregory and the Hawk

I heard a method
That you could use
Let's call this dreaming
I could choose for you
And in this way
You won't decide it
There's no in-vain
And no in-side
You can have
All that you want
Over and over

You picked a stone
You loved a girl who lives in parrallels
You take it out
You try it on to wear it well

I heard a method
That you could use
Let's call it dreaming
I could choose for you
Over and over
