

Bleed You Dry

Grinspoon

If I could give you life I would take the chance
To make you see how much
All peeps and forgotten plans, Last one to feel your touch
And I watched you from the shadows, Waiting for your coach
And they pushed right past in barrows

I'll bleed you dry, I'll bleed you dry
I'll bleed you dry. Get your daughter high
Make your mother cry , I'll bleed you dry.
I'll bleed you dry, I'll bleed you dry
I'll bleed you, I'll bleed you, I'll bleed you dry

Heard the click felt the air and the guns go bang,
Forced genocide, but the place and the time was sad
Filled with forgotten lies

And I watched you from the shadows
Pull over by my side
I was shot by a poison arrow

I'll bleed you dry, I'll bleed you dry
I'll bleed you dry. Get your daughter high
Make your mother cry , I'll bleed you dry.
I'll bleed you dry, I'll bleed you dry
I'll bleed you, I'll bleed you, I'll bleed you dry

And though it never made you happy , you're not dead
And all the people would like to show, your friend dead
As if gold ever made you happy.

I'll bleed you dry, I'll bleed you dry
I'll bleed you dry. Get your daughter high
Make your mother cry , I'll bleed you dry.
I'll bleed you dry, I'll bleed you dry
I'll bleed you, I'll bleed you, I'll bleed you dry
