

I'm a little creature
just a tiny fool
the whipper snapper
to be your funny tool
The time will come
I'll call a friend
we will finish your game to the end

Oh yeah, I'm fine
you are not
Oh yeah, I'm blind
you are not
I'm fine , I'm fine, Shout your mouth

Take a step back, shout your mouth
and feel my deep breath
Blast your little faces, all around the world
man I'm so glad, that I got no controle
it's in me and even it's in you
come to me Gogan

5, 6 or 7, and 8 is out
today's of all days
I'm the chosen one
They close behind me
they're on my back
come try to catch me
get it in the neck

Oh yeah, I'm fine
you are not
Oh yeah, I'm blind
you are not
I'm fine , I'm fine, Shout your mouth

Take a step back, shout your mouth
and feel my deep breath
Blast your little faces, all around the world
man I'm so glad, that I got no controle
it's in me and even it's in you
come to me Gogan

Gogan's in me, come and try to catch me, come on

all the races that's for sure, fought to the finish
In the middle of your war, look at you, Gogan's in you
