

Lips of Steel

Guided by Voices

It's unreal you to tell me what I'm feeling
Strong emotions bouncing off the ceiling

Show me how far you can go
As close as I can get
As much as I will know

Stretch the truth and
Tell me I'm not dreaming
Trust your leaders
Superman with lips of steel

Show me how far you can go
We've got to get real close, now
Let's go see the show

We are on our way
We believe what you say
