

# Lifesaver

Guru

Is this really the end?  
Or is it a new beginning?  
A new reality

So many misconceptions  
So many evil deceptions  
I've come to give direction  
For I am the lifesaver

So many misconceptions  
So many evil deceptions  
I've come to give direction  
For I am the lifesaver

Scooby doo wah, scooby doo wee  
Like a jazz player, I improvise wisely  
Free with the style, I flow like the Nile  
But remember, don't mistake the smile

Deep rooted is my rhymin'  
Like ancient African griots, precise is my timing  
But let me get to the essence of what I'm sayin' here  
Too many blood red streets with bodies layin' there

The systematic fanatics are at it again  
Tryin' to kill me and all of us, my friend  
But don't bend to the mental strain  
Against all odds, we must strive for essential gains  
Be true to the life, the Lord gave ya  
And that's a message from the lifesaver, the lifesaver

So many misconceptions  
So many evil deceptions  
I've come to give direction  
For I am the lifesaver

So many misconceptions  
So many evil deceptions  
I've come to give direction  
For I am the lifesaver, I am the lifesaver

It takes a more intelligent man to squash a fight  
Than to set one off, knowledge I'll let some off  
'Cause nowadays everybody's a killer  
And as for me, no other MC is iller

But still a thorn scrapes my heart  
When I see another life that's been torn apart  
Over nonsense, no law, no order, it's evidence  
That the money only takes precedence

'Cause everybody wants power  
While the innocent are born or die  
During every hour, I scowl as I look upon evil  
But I must have the strength, to spark awareness in my people  
And we will learn to respect our neighbors  
Another message from the lifesaver, the lifesaver

So many misconceptions  
So many evil deceptions  
I've come to give direction  
For I am the lifesaver

So many misconceptions  
So many evil deceptions  
I've come to give direction  
For I am the lifesaver

People talk about the Armaggedeon  
And nowadays everyone, you know is packin' lead son  
Each day's another test, ayyo, I better do my best  
'Cause a lot's ridin' on my chest

So when I lead you to the water, you best know  
How to swim across, so you can reach the border  
It's international, the message and the flavor  
So here's some more important words from the lifesaver  
The lifesaver, the lifesaver

So many misconceptions  
So many evil deceptions  
I've come to give direction  
For I am the lifesaver
