

That's No Way to Get to Heaven

Guster

One half of me is still shaking
The other half is still waiting for a lover
Walk down the water slide
Look in my eyes show me a sign

Some people swim in the gravy
I'm sitting here and waiting for a lover
Come down to the other side
Look in my eyes tell me you're mine

After the cut then comes the blood
Falls to the dirt turns into mud
From the soil we'll grow together
That's no way to get to heaven

And everyone thinks it's crazy
Sitting here and we are waiting for a lover
Step down the water slide
Look in my eyes tell me your mine

After the cut then comes the blood
Falls to the dirt turns into mud
From the soil we grow together
That's no way to get to heaven
