

Casserole Of Life

Guttermouth

I'm gonna bake today
Try a new recipe
Throw out a new Arpon
Move over bacon here comes something meatier

The versatile diversity of casserole is similar to living life
The ingredients are things that you can't live without

Life can only be
What you put into it
My life is my casserole
And I want to fill it with fun fun fun fun

The versatile diversity of casserole is similar to living life
The ingredients are things that you can't live without
Everybody's recipe is different, it depends upon what you put in
These are the things that make my life taste good

Donuts, bacon, hot-dog on a stick
Machine guns, gambling, hookers turning tricks
Fireworks, hunting, tons and tons of drugs
Taxidermy

Sometimes you can get burned
But that's how you learn
To change your recipe
And step on up to the donut gem of life
