

I Have A Dream

Guttermouth

Hey hey, today's my lucky day
Puff was taken out
By snoop dog and Dr. Dre
Hey hey a plane went down today
The entire cast of friends
Found floating in the bay
Fuck yeah, hooray!
Cancer killed the guy
From sugar ray
Hey hey, its my lucky day
The Canadian government said that
We can play, eh!
Climb the ladder of success
And you'll have loads of friends
Make damn sure that no one
Hears you when you speak your mind
Smile nicely laugh a little
As you slap that back
I'm so happy, ain't it grand
Warren from the vandals isn't very tan
Just jokin, we love ya, warren
Honk honk, your ska
Skank your way right to lock jaw
Lucky, lucky, lucky, lucky, lucky, lucky, lucky, lucky, lucky,
lucky day
No fuck no
What you gonna do now
No no no
What you gonna do
No no no
What you gonna do now
No fuck no
Lucky me, I found a magic lamp
Send those Eskimos
To a European camp
Raining down from above
I'll receive myself on Courtney Love
Today must be my lucky day
'Cause you got HIV (not me)
I'll take in a movie
I struck oil under my house
While planting magic beans
I only wish these things
Were more than just a dream
