

Battle Scars

Guy Sebastian

The wound heals but it never does
That's cos you at war with ... love
You at war with.... love Because It love for and never
These battle scars
don't look like they're fading
don't look like they're ever going away
they aint never gonna change
these battle...
Love...
Never let a wound ruin me
but i feel like ruins wound me
arrow holes that never close
from cupid on a shooting spree
feeling stupid cos i know it aint no you and me
but when you're trying to beat the odds up
and trying to keep your nods up
and you know that you should know
and let it go but the fear of the unknown hone another lovers ***
sends you back into the zone
with no Tom Hanks to bring you home
another night of fight on the frontline with a poem
trying to write yourself a rifle
maybe shopping up a song to fight the tanks and drones o you being alone
I wish i never been
i wish i never touched
i wish that i could stop loving you so much
Cos i'm the only one that's trying to keep us together
when all of the signs say that i should forget her
i wish you weren't the best
the best i ever had
i wish that the good outweighed the bad
cos it'll never be over (it will never be over)
until you tell me its over (until you tell me its over)
These battle scars
don't look like they're fading
don't look like they're ever going away
they aint never gonna change
these battle scars
don't look like they're fading
don't look like they're ever going away
they aint never gonna change
these battle...
and just leave then...
shouldn't have but you said it
and i hope you never come back...
shouldn'ta happened but you let it
now you're down on the ground screamin 'medic'

the only things that comes is the post traumatic stresses
sheilds body armours and vestes
don't properly work
that's why you're in a locker full of hurt
the enemy within and all the fires from your friends
the best medicine is to probably just let her win
i wish i didn't fear
i wish i couldn't love
i wish i could stop cos it hurts so much (so much)

and i'm the only one that's trying to keep us together
when all of the signs say that i should forget her
i wish you weren't the best
the best i ever had
i wish that the good outweighed the bad
cos it'll never be over
until you tell me its over
These battlescars
don't look like they're fading
don't look like they're ever going away
they aint never gonna change
these battle scars
don't look like they're fading
don't look like they're ever going away
they aint ever gonna change
these battle...
Can't you set me on fire
i never felt so alive, yeah

and i'm at the point of breaking (uhuh)
and its impossible to shake it (yeah)
