

## The Performer

GWAR

I'll come to town for you  
Dress up like a clown for you  
Pull my pants on down for you  
Then I'll crawl away  
I will blow hot fart on you  
I will build an R-2 D-2  
I won't even start for you  
Unless you fucking pay  
Because I am the performer [X3]  
I will come to town for you  
Dress up like a clown for you  
Try not to fuck around on you  
Do so anyway I will find the ark for you  
Go sleep in the park with you I'll even suck a cock or two  
But no sir, I'm not gay  
[Chorus]  
Before I was a whore, on tour I was the child always running around  
With his dick hanging out and diapers pulled down  
Show biz was calling so I hit the stage  
Worked out an act where I got raped in a cage  
My life was bullshit and I didn't care  
Went to go bowling and I missed on my spare  
But what else could I fucking do  
But play another song for you...  
Thinking about a nose job, too...  
cause I am the Performer...
