As The Eagle Flies

Halestorm

Surely as the eagle flies with the wind Surely as the sun rises in the east I know that we will come together again And once again the world will know peace

As the eagle flies, as the eagle flies soar with valor, so good As the eagle flies, as the eagle flies soar forever, we will live his love As the eagle flies, as the eagle flies

Surely as the eagle flies with the wind Surely as the sun rises in the east I know that we will come together again And once again the world will know peace

As the eagle flies, as the eagle flies soar with valor, so good As the eagle flies, as the eagle flies soar forever, we will live his love As the eagle flies, as the eagle flies

So I will wait for that final day For my Father, oh comes to take me high And so I'll wait for you to follow me And on that day his face you will see

As the eagle flies, as the eagle flies soar with valor, so good As the eagle flies, as the eagle flies soar forever, we will live his love As the eagle flies, as the eagle flies
