Black vultures circling the Black vultures circling the Black vultures circling the Black vultures circling the sky

Feels like the end of the world But it's only the beginning of it all Forget the things that you've heard Been a survivor since I began to crawl

I'm falling down but I'm not out The devils at my door

I don't give in I don't give up
I won't ever let it break me
I'm on fire I'm a fighter
I'll forever be the last one standing
Black vultures circling the sky
Pick at the pieces
Scavengers wait for me to die
But I'm not defeated

I'm on the edge of the war
I'm holding on and hanging by a thread
I am the eye of the storm
And you haven't seen the last of me just yet

I'm falling down but I'm not out
I'm coming back for more

I don't give in I don't give up
I won't ever let it break me
I'm on fire I'm a fighter
I'll forever be the last one standing
Black vultures circling the sky
Pick at the pieces
Scavengers wait for me to die
But I'm not defeated

It's not my time I'm still alive Open up your eyes I am still alive

I don't give in I don't give up
I won't ever let it break me
I'm on fire I'm a fighter
I'll forever be the last one
Black vultures circling the sky
Pick at the pieces
Scavengers wait for me to die
But I'm not defeated

Black vultures circling the sky You all can wait for me to die
