

# Familiar Taste of Poison

Halestorm

Drink the wine my darling, you said  
Take your time and consume all of it  
But the roses were only to drain my inspiration  
The promises were spoiled before they left your lips and

I breathe you in again  
Just to feel you underneath my skin  
Holding onto the sweet escape  
Is always laced with a familiar taste of poison

I tell myself that you're are no good for me  
I wish you well but desire never leaves  
I could fight this to the end  
But maybe I don't wanna win

I breathe you in again  
Just to feel you underneath my skin  
Holding onto the sweet escape  
Is always laced with a familiar taste of poison

I don't wanna be saved, I don't wanna be sober  
I want you on my mind, in my dreams  
Behind these eyes that I wanna wake up  
No, not this time

I breathe you in again  
Just to feel you underneath my skin  
Holding onto the sweet escape  
Is always laced with a familiar taste of poison  
A familiar taste of poison, a familiar taste of poison
