

I Get Off

Halestorm

You don't know that I know
You watch me every night
And I just can't resist the urge
To stand here in the light
Your greedy eyes upon me
And then I come undone
I could close the curtain
But this is too much fun

R: I get off on you
Getting off on me
Give you what you want
But nothing is for free
It's a give and take
Kind of love we make
When the line is crossed
I get off
I get off

There's so much left unspoken
Between the two of us
It's so much more exciting
To look when you can't touch
You could say I'm different
Maybe I'm a freak
But I know how to twist you
To bring you to your knees

R:

What you don't know
What you can't see
Is what I do for you
I do for me

R:
