

# Shout It Out

Halestorm

The crowd chooses not to notice  
Nameless species turn their heads  
They try to understand what we are hunting on  
Cowards believe me  
I'm in this  
Running for the sunset  
To wet it across the sky  
And there we go

Shout it out  
Shout it out  
They're giving me away  
Shout it out  
Shout it out  
'Cause tomorrow wants me to change  
Shout it out  
Shout it out  
Keep on running till tomorrow is a distant yesterday

Rocking all night  
Tearing music from my heart  
Screaming this is who we are

And all those people are too afraid of change  
I'm so glad we didn't listen  
Now we're running up to the stars

Shout it out  
Shout it out  
They're giving me away  
Shout it out  
Shout it out  
Cause tomorrow wants me to change  
Shout it out  
Shout it out  
Keep on running till tomorrow is a distant yesterday
