

## Country Heroes

Hank Williams III

Well, oh what a feeling  
That burns down low  
When you ain't got no where to turn  
Or no where to go

It makes me feel like sometimes  
I'm outta control  
So, I'm gonna get wasted  
With all my country heroes

And I'm drinkin' some George Jones  
And a little bit of Coe  
Haggard's easin' my misery  
And Waylon's keepin' me from home

Hank's givin' me those high times  
Cash is gonna sing it low  
And I'm here gettin' wasted  
Just like my country heroes

Hey, I'm drinkin' that whiskey  
Out of that glass  
And if that ain't country  
Well boys, you can kiss my ass

'Cause I wanna hear them old songs  
Nothin' of the new  
'Cause this might be the last time  
I'm gonna see you

So, I'm drinkin' some George Jones  
And a little bit of Coe  
Haggard's easin' my misery  
And Waylon's keepin' me from home

Hank's givin' me those high times  
Cash is gonna sing it low  
And I'm here gettin' wasted  
Just like my country heroes

I'm gettin' wasted  
With all my country heroes  
I'm gettin' wasted  
With all my country heroes
