

# Queen of My Heart

Hank Williams Jr.

I just wanted to tell you what I think about you  
And I don't wanna leave out some important part  
You know I love you and I can't live without you  
You know that you are the queen of my heart

I've had ladies of passion and women of beauty  
But you're the only girl I've opened up to  
But I closed up tight when you left for another  
And that's the part I've never gotten used to

And the Queen's still in England, the King's still in Spain  
My love for you is still the same  
You know that I want you till death do us part  
You know that you are the queen of my heart

If you get this letter, please let me know somethin'  
If you're comin' back or is it all through?  
Hey, just tell me yes or no, don't keep me hangin'  
'Cause that's the part I could never get used to

And the Queen is in England, and the King is in Spain  
And all the King's horses and all the Queen's men  
Could never do one thing to keep us apart  
If you'll just come back to me, queen of my heart  
I'm tellin' you, you are the queen of my heart
