She moves like a tender kiss
And I can't stop feeling
She soothes with her tenderness
And I can't stop feeling
I even don't even know her name
But I can't stop feeling
She says that she feels the same
And I can't stop feeling
And if you let me try to tonight
You just might see that I'm

Falling deeper and deeper in love
And I'm feeling more and more and more and more alone

She turns chaos into art

And I can't stop feeling

A touch and I fall apart

And I can't stop feeling

I'm sounding like an old clich©

And I can't stop feeling

I love her in a thousand ways

And I can't stop feeling

But if you let me try tonight you just might see that I'm

Falling deeper and deeper in love
And I'm feeling more and more and more and more alone

Every simple notion is poetry in motion

Can't you see it's pushing me over the edge

This wrecking ball you're holding

Could crush the heart you've stolen

I give you my devotion all over again

And if you let me try tonight you just might see that I'm

Falling deeper and deeper and deeper in love
And I'm feelin' more and more and more and more alone
