Upside Down

Hawkwind

When I stand upside down Can't get a thing together and I don't know why Oh dear you look so good Don't you think it's heaven like you knew you would

Oh dear what shall I do (?????????) reason and it's up to you I stand upside down Can't get a thing together and I don't know why

You know you look so fine Can't get a thing together and I don't know why I stand upside down Can't get a thing together and I don't know why

Oh dear what shall I do? (?????????) reason and it's up to you I stand upside down Can't get a thing together and I don't know why
