The Sky was dark this morning When I raised my head I stood at the window - Darkness was my bane

Suddenly a sunbeam arch
Thrilled me to my weary heart
It was the prettiest thing I'd ever seen

I knew I had to keep my Love Keep my Love alive Keep my Love - Keep my Love live

Baby I want you to roll me
Hold me in your love
No more habits, promises and jive
Ever since I was a baby girl
Wanted one thing most in this world
It was to Keep My Love Keep My Love alive

I want to keep my Love -Keep my Love alive Keep my Love - keep my love alive

You're up there under the spotlight
Your silver trophy shines
With all you got, my lord!
You must get high
You need a whole lot more than money
You need more than to survive
You need to keep your Love
Keep your Love alive
