

Say Hello

Heart

I'd like to know when you will say hello
When will it be I'd like to see you know
When will you change your mind and say hello?

Something is sending all sensations high
Someone is calling clearly to you now
Look for the one who will not say good-bye

Say Hello
Say Hello

Say Hello to all your secret light inside
Build up your Fire, take a ride I know
There'll be a night when you won't want to hide

Say Hello
Say Hello
