

## Sister Wild Rose

Heart

Your reputation's bad and it's getting worse  
You couldn't get a dollar for what your word is worth  
Your bad luck runs you down like bad boys at your heels  
But I could never deny your eyes begging for one more meal

Sister wild rose, it's the hard road  
But you and I know you can't ever let go

You took it a long long way  
You back out and faith doing up  
All that good good stuff thinking  
It was worth the trade

You let hold you down  
You let tear you apart  
And hold you in them  
Dirty hands squeeze your hostage heart

Sister wild rose, it's the hard road  
But you and I know you can't ever let go  
Keep your love alive, it keeps you warm at night  
Coming from the cold, my sister wild rose

La, la, la, la, la  
La, la, la, la, la

Oh no, no, sister wild rose, it's the hard road  
But you and I know you can't ever let go  
No, keep your love alive, Lord, it keeps you warm at night  
Coming from the cold, my sister wild rose
