Who Will You Run To

You're not sure what you want to do with your life but you sure don't want me in it Yeah you're sure the life you're living with me can't go on one single minute And there's a new one waiting outside this door and now's the time to begin it

You found a new world and you want to taste it But that world can turn cold and you better face it

Who will you run to when it all falls down Who's gonna pick you world up off the ground Who's gonna take away the tears you cry Who's gonna love you baby as good as I

You won't know what it's like to live on your own You've always had me there beside you You think it's easy finding someone out there who's gonna care as much as I do What's gonna happen baby when you find out that there's no one there to cry to

You can tell the whole world how you're gonna make it You can follow you heart but what ya do when someone breaks it

Who will you run to when it all falls down Who's gonna pick you world up off the ground Who's gonna take away the tears you cry Who's goona love you baby as good as I

You found a new world and you want to taste it But that world can turn cold and you better face it

Who will you run to when it all falls down Who's gonna pick you world up off the ground Who's gonna take away the tears you cry Who's gonna love you baby as good as I

Who will you run to when it all falls down Who's gonna pick your world up off the ground Who's gonna take away the tears you cry Who's gonna love you baby as good as I
