

## So Quiet

Heartless Bastards

It was oh so quiet  
Oh it was so quiet that winter  
I was dreamin  
Dreamin of your sound

Spring came  
Along with the spring came good fortune  
We were laughing all day  
Nothing was getting us down

And we sat and listened as the music played  
Oh how I wish that you could of stayed  
Don't go with the wind  
Don't go with the wind

Summer came and you went a wandering  
I remain  
I shall not follow  
I often think of you  
And I wish you well  
I remain  
I shall not follow

And I sat and listened to the same old songs  
Oh I know I couldn't go along  
Oh you went with the wind  
Oh you went with the wind
