Heidi Montag

Woah, oh, oh, oh  
Woah, oh, oh, oh

You nad me are one in the same  
It's the one thing that they can't change  
Woah  
Woah  
You and me in it for the ride  
I'll take the drop if you're by my side  
Woah  
Woah  
I'm hearing them saying were wrong for each other  
I'm talking my chances for worse or for better  
Why can't they see  
Some things are meant to be

Black out the satellite  
Where should we run to  
Lets get invisible boy  
And if you want to  
Go somewhere no one can find us  
We can get out of here  
Woah, oh, oh, oh  
Black out the satellite  
and be my love star  
You wanted anything else  
so show you my heart  
Let's leave this city behind us  
We can get out of here  
(out of here )  
Let's go

Underground and get lost with you  
Only way from my point of view  
Woah  
Woah  
Woah oh, oh, oh  
Leave the rest of them in the dark  
No one has to know where we are  
Woah  
Woah  
I'm over the stories that we'll never make it  
i no we'll make it  
When I think of loosing you baby I hate it  
Why can't they see  
it's betwen you and me

Black out the satellite  
Where should we run to  
Lets get invisible boy  
And if you want to  
Go somewhere no one can find us  
We can get out of here  
Woah, oh, oh, oh  
Black out the satellite  
and be my love star  
You wanted anything else

so show you my heart  
Let's leave this city behind us  
We can get out of here  
(out of here )

Don't know where we'll be tomorrow  
But I know how I feel right now  
They don't have to understand  
But baby if you take my hand  
Let's go

Black out the satellite  
Where should we run to  
Lets get invisible boy  
And if you want to  
Go somewhere no one can find us  
We can get out of here  
Woah,oh,oh,oh  
Black out the satellite  
and be my love star  
You wanted anything else  
so show you my heart  
Let's leave this city behind us  
We can get out of here  
(out of here )  
Let's go

Black out the satellite  
Where should we run to  
Lets get invisible boy  
And if you want to  
Go somewhere no one can find us  
We can get out of here
