

Just Getting Started

High School Musical

'Remember the time'
I've heard those words before but now they're mine
Every memory, all the sweet times shine
Is living here in my heart and mind, oh

Every laugh
We shared together, yeah we still give back
Can you believe all the fun we've had?
Just gettin' ready for the other half

You know a friend becomes a part of you
Like this dream that's finally comin' true
Comin' true!

It's all good, all right
'See ya later' doesn't mean 'goodbye'
'Cause it ain't over just time to fly
And we're just gettin' started, oh

Let's celebrate
Life is comin', yeah and I can't wait
It's a ride that we all get to take
We're gonna help each other find our way, oh

Every friend is now a part of me
Together we're just like a family
Just breakin' free!

It's all good, all right
'See ya later' doesn't mean 'goodbye'
It ain't over just time to fly
And we're just gettin' started, just gettin' started!

It's all good, all right
Our world is changin' that ain't no surprise
But that can't stop us just let it try
'Cause we're just gettin' started

Who knows what we'll find
It's the great unknown, the steppin' stone
Wherever we're goin' I know
We're gonna get there from here, hey yeah, hoo!

It's all good, all right
'See ya later' doesn't mean 'goodbye'
'Cause it ain't over just time to fly
And we're just gettin' started, just gettin' started

It's all good, all right
Our world is changin' that ain't no surprise
That can't stop us just let it try, let it try, let it try
'Cause we're just gettin' started

It's all good, all right
'See ya later' doesn't mean 'goodbye'
