

# Light Will Shine

Hillsong United

Salvation rise  
As we sing of Your freedom  
We leave the past behind  
As we look to Your kingdom

You bridge the great divide  
Between our hearts and Your glory  
Our shame dissolved  
In the depths of Your mercy

We are devoted  
We are devoted to You

Your light will shine in the darkness  
Your light will shine in the dark  
In the dark  
Woah  
We are Yours

We fill the open skies  
With the sound of Your praises  
Our future lies in the hope of our Saviour

It's Your love  
Your love  
Woah woah  
It's Your love  
Your love  
Woah woah
