

# Again

HIM

I see  
You've turned your back on love again  
And I feel  
Your stumbling downwards once again

And I feel  
Despair kissing our lips again  
And I feel  
Despair holding our hearts again, yeah

Oh you hear  
Me crying behind your back again  
And you hear  
My heart beat slowin' down again

And I feel  
Despair kissing our lips again  
And I feel  
Despair holding our hearts again  
I feel  
Despair kissing our lips again  
And I feel  
Despair holding our hearts again, yeah

Oh baby yes I feel  
Despair kissing our lips again  
And I feel  
Despair holding our hearts again  
And I feel  
Despair kissing our lips again  
And I feel  
Despair holding our hearts again, yeah

Despair holding our hearts again, oh  
That's right  
Yeah
