God Only Knows

I may not always love you As long as there are stars above you You never need to doubt it I'll make you so sure about it

God only knows what Id be without you

If you should ever leave me Though life would still go on believe me The world could show nothing to me So what good would living do me

God only knows what Id be without you God only knows what Id be without you God only knows what Id be without you God only knows what Id be without you

I may not always love you As long as there are stars above you You never need to doubt it I'll make you so sure about it

God only knows what Id be without you **Holly Cole**
