

Get It Big Time

Hoodie Allen

We had alot of fun, we had a little date
The kids that went from skateboarding into lower hate
So I be churning out this music at growing rate
Alex B. Keaton I'm never seeing the Growing Pains
Because I'm so awake my eyelids are mad at me
I live for family that why I got this damn degree
Used to be up in the library now I handle beats
So I can be a star up in New York like Ann Marie Stahl
Ooooh life's outstanding and I got pow
East bound and down me
Till I brown out ooh Robert Downey
If women coming at me then I'm cleaning up like bounty
So whatcha going to do but the best I know cuz I been hungry on this beat in
a vegetable
And I can serve you up this heat
Got an extra four wall shit is extra cold
As long I just stay up on this lane I'm the next to bowl

Get it, get it, get it big time
And now I want to make everything mine
So I been working on it every night
Until you just cant get it now, you just cant get it now
Get it, get it, get it big time
And now I want to make everything mine
So I been working on it every night
Until you just cant get it now, you just cant get it now

They wanna call me up they wanna hear me speak
The kid that had to change his phone like every week
So I be climbing up these charts until the very peak
A role model I just gotta get it theroly
Campaign plus a little champagne for my real friends
Toast until we old this Regis Philbin
Will keep celebrating if no ones in the buliding
Flip cam fetish girls someone better film them
Cuz this life amazing and I got buzz no need for shaving
If I gave up who could I blame but the people in my life who would swear I'd
never make it
So I just eat it up french toast and bacon this is breakfast
I don't stick my nose out I just keep my head in
I can never sell out I can be Efedrin
Bet a motherfucka that I fit like tetris

Hail mary, Tony Rom-
I just go big, let them suckers go home
I just go big, let them suckers go home
I just go big, let them suckers go home

I said: hail mary, Tony Rom-
I just go big, let them suckers go home
I just go big, let them suckers go home
I just go big, let them suckers go, go!

[Chorus]
