

# People Keep Talking

Hoodie Allen

I'm gonna talk when I wanna talk  
I don't need the long distance to plan this s\*\*t  
Did it on my own with no management  
Must be why nobody can manage him  
And you know I always want to take advantages  
Find a poor kid, sell him on a fantasy  
But I've always been way above the average  
That's why nobody else can compare to me  
Other rappers don't offend me  
Cause I got more drive than a Bentley  
In the driveway with a., dream girl.  
I'm just trying to get an Emmy  
f\*\*k that, I just wanna get a Grammy  
Then add three more for my family  
Got a plan but I never had a plan B  
If you think you'll fail then you might as well drive in a Camry  
And I may never get the cover of that Rolling Stone  
Didn't fit the vibe they were going for  
. , but I couldn't excel  
They said we really don't get it but we're wishing you well  
Oh well, lol, ain't got time for no print  
Fame come and go when you rhyming so s\*\*t  
Ain't gotta sign on no dotted line  
But if I do, f\*\*k you for criticizing  
When I pick up the phone, they don't even call back  
They just leave me a voicemail  
They gon tell you changed and s\*\*t ain't the same  
Like this s\*\*t was a choice, hell  
My haters are kicking the bucket  
It must have been hard to be wrong all along  
But isn't it love when they memorize every damn word of your song?

Cause they be calling my phone but you already know  
I be hitting ignore cause you late  
I just throw it away, I don't care what they say at all  
Cause people keep talking, people keep talking  
But I don't hear nothing when people keep talking

One shot, two shot, three shot, super drunk  
Four shot, wrong shot, jump shot, no fucks  
Even when I spit it I'ma be the spitting image  
Of somebody you recognize when you watching television  
I'm just trying to be like Jordan, I'm tired of being Pippen  
I've been coming off the bench and watching my haters get it's a young Jake  
Gyllenhaal, . the beat cause I kill em all  
. seat cause I fill them all  
Go hard m\*\*\*\*\*r, ain't a pen involved  
Y'all try to get up any way that you can  
Step on the back of your favorite fan  
Charging like 50 to take a quick picture  
You scummy a\*\* rappers are not in demand  
And you certainly ain't in it for love  
I'm just saying this s\*\*t cause it's true  
I know that all of y'all wanted a bus cause the image important to you  
Well I guess that's human nature  
Selfish motherfuckers never do you favors  
Till they all get dropped and they sent to waivers

Go shop get shelved like it's Lord and Taylor (what?)  
I'm the man in the city, well I guess that'd make you the miss  
These rappers are acting all over the mic nowadays and they ain't Ludacris  
You tell me you hate I exist while your girlfriend is grooving to all of my  
songs  
She made you a Spotify playlist and there ain't no room for you dog?
