

# You Are Not A Robot

Hoodie Allen

You've been acting awful tough lately  
Smoking a lot of cigarettes lately  
But inside, you're just a little baby

(Drop it)

It's okay to say you've got a weak spot (It's Hoodie Allen)  
You don't always have to be on top (What up Marina)  
Better to be hated than love, love, loved for what you're not (You know how we do)

They telling me to take the safe route but this the detour  
Hoodie baby you ain't seen a kid like this before  
Late night shoe-in for the moon like Warren  
Them hits come out soon as you hit record  
Born in America, Chevy and Ford  
But these Greek ladies lovin' me they sayin' he's foreign  
Floored em, glued the crowd down by their boot straps  
Came up on the scene so quick you think we was a news cast  
Well news flash: I can see through that  
People try to hide what's on their mind like a do rag  
Never would I do that I'm a real fuckin' hustler  
You be in the background making noise like a muffler  
But if it doesn't kill me it makes me tougher  
And that's a message that I pass onto my brother  
You never gonna really make a difference til you suffer  
But we passed that now it's time to smash that, thunder

You've been acting awful tough lately  
Smoking a lot of cigarettes lately  
But inside, you're just a little baby  
It's okay to say you've got a weak spot  
You don't always have to be on top  
Better to be hated than love, love, loved for what you're not

Lately I've been staying on my grind like a skateboard  
I've got some Rocket Power now so let's take off  
We going hard over these beats y'all just stay soft  
I don't even feel the need to say pause  
Cause you would cheat to the system how you came and Bernie Madoff  
I'm a firm believer that the hard work pays off  
The playoffs, I treat them like Mora did  
That means I'm working with a little to get more of it  
And anybody who doubted us we ignoring it  
I'm on a different mission  
An exhibition no scoring it  
So if we more legit they treat us like a compound  
Yeah they wanna brake us down, never gonna stop now  
Cause being scared will only eat you like a cop out  
Life's a haunted house and I'm ready to pop out  
And shout out to Marina for these pop sounds  
I know you really love me but let's let this chorus drop now

You've been acting awful tough lately  
Smoking a lot of cigarettes lately  
But inside, you're just a little baby  
It's okay to say you've got a weak spot

You don't always have to be on top  
Better to be hated than love, love, loved for what you're not

Say slow up,  
Sometimes I'm just feelin' like a robot  
Sittin round, hopin that you'll show up  
But you know what, you know what

Say slow up,  
Sometimes I'm just feelin' like a robot  
Sittin round, hopin that you'll show up  
But you know what, you know what

You've been acting awful tough lately  
Smoking a lot of cigarettes lately  
But inside, you're just a little baby  
It's okay to say you've got a weak spot  
You don't always have to be on top  
Better to be hated than love, love, loved for what you're not
