

## Once Again

Hoods

Those days are here once again  
I can feel it in my heart  
Believing in myself helped me through  
The hardest part of time  
We've resurrected once again  
United united we'll win  
Take it back taking back our scene  
Old style we'll tear you apart  
A new day has arisen a moment in time  
That will not be forgot  
This is the time the time is now  
So tear it apart once again (2x)
