Hootie & The Blowfish

Every time I look at you, I go blind. Every time I look at you, I go blind. In the mornin' I get up, and I try to Feel alive, but I can't. Every time I look at you, I go blind. I don't know what it is. Something in me just won't give me a chance. I think it's that I feel more confused By the deal love has shown me. Little child, did you know that there's a light, And it's gonna shine right through your eyes. What do you think that life is like? Every time I look at you, I go blind. I go blind Well some where over there there's a purpose, There's a care for free In me there's no body, no one plan, No one stand to be free. I think it's that because I have seen all the fuss And it's no big deal. No big deal. Hold me, hold me 'cause I want to get higher and higher, Higher than life.
