

Lights Out

Hot Action Cop

Good morning, sunshine, what do you say
What's on your mind
Looks like it's gonna be one of those days
You've got the patience of a hand grenade
Whenever you want it
You just pull your pin and take it

Teasing my trigger
Guns in my mouth
She's so turned on, I can't stop now
Feeling a finger
Slipping around
She's so turned on, I can't stop now
Lights out

The dungeon master turned and said to me
"Hey major leaguer..."
"How ya like your big boy RPG?"
How did I let you get this close to me
Some like to take it
And some want you to break it

Teasing my trigger
Guns in my mouth
She's so turned on, I can't stop now
Feeling a finger
Slipping around
She's so turned on, I can't stop now
Lights out
Lights out

It will never be denied
It's banging on the other side
It ain't ever satisfied
The stimulation in overdrive
And if I brave the weather
Will it stay together
No one lives forever

Teasing my trigger
Guns in my mouth
She's so turned on, I can't stop now
Feeling a finger
Tightening around
She's so turned on, I can't stop now
Lights out
Lights out
Lights out
Lights out
Yeah, yeah, yeah, yeah, yeah
