

Incisions

Hot Water Music

Why do I feel that I need something more than a quick release from
My emotions stowed up inside of me
One day I will break free from..

On the inside, would it seem right (I can see it again) if I just walked away
On the outside, could you be mine (I can see it again) I won't ever stray

And I will sink my soul in you
And you can see it through with me
And I will sink my soul in you
And you can see it through

Constantly searching for the flawless combination
When it's found it feels completely useless

On the inside would it seem right (I can see it again) if I just walked away
On the outside could you be mine (I can see it again) I won't ever stray

And I will sink my soul in you
And you can see it through with me

And I will sink my soul in you
And you can see it through

Keep digging deeper in myself
You can see her right around the way
