

## So Many Days

Hot Water Music

Is there something wrong  
Do ya hate this song  
Cuz I'm singin about it again  
Did ya know the words  
Before you read them  
Did ya notice  
She had it and she wants it again  
He had it and he lost it again  
In the fallout or the aftermath of  
So many days so many days I guess it's all been done  
Maybe it's all been sung  
Before By wiser people but its not stopping anyone  
Falling apart from heartache  
She had it and she wants it again  
He had it and he lost it again In the fallout or the aftermath  
of  
So many days so many days  
Another second is another made  
So many days
