First Bus To Babylon

Hugh Cornwell

God it takes so long You have to be so strong When they try to prove you wrong Get the first bus to Babylon You wanna be alone You try to disconnect the phone Try to bury every bone Get the first bus to Babylon How can it be when you want to be free There's a conspiracy working around you Children can tell what we know very well They believe in the spell they're on the bus When we're dead and gone When we get where we belong And we've sung the final song Get the first bus to Babylon
