

Cry with You

Hunter Hayes

When you try not to look at me
Scared that I'll see you hurting
You're not hiding anything, no
And frankly it's got me worried
Nobody knows you better than I do
I keep my promises, I'm fighting for you

You're not alone
I'll listen till your tears give out
You're safe and sound, I swear that I won't let you down
What's hurting you I, I feel it too
I mean it when I say
When you cry, I cry with you, with you

I'm not going any place
I just hate to see you like this
No, I can't make it go away
Oh, but keeping it inside won't fix it
I can't give you every answer that you need
But I wanna hear everything you wanna tell me

You're not alone
I'll listen till your tears give out
You're safe and sound, I swear that I won't let you down
What's hurting you I, I feel it too
I mean it when I say
When you cry, I cry with you, oh
Yeah, I cry with you

You need love tough enough to count on
So here I am

You're not alone
I'll listen till your tears give out
You're safe and sound, I swear that I won't let you down
What's hurting you I, I feel it too
I mean it when I say
When you cry, I cry
I mean it when I say
When you cry, I cry with you, oh
You're not alone, oh no, baby
