

## Bright Enough

### I Killed the Prom Queen

Cold nights and colder hearts  
We've been sinking from the start  
Our hands seldom breach the surface  
Break my chest I need to breathe  
It's getting harder to believe  
Why won't anybody help us?

I won't give up on you  
And your eyes are bright enough to see this through

I can't take it anymore.

So please, won't you sing me to sleep  
I never want to wake up  
I never want to feel like it's just a dream  
Won't you sing me to sleep  
I never want to wake up  
I never want to feel like it's just a dream

Give me a pen and I'll write until my fingers start to bleed  
Give me a chance and I'll try to make the world see what you see

I won't give up on you  
And your eyes are bright enough to see this through

I can't take it anymore  
Never again will it be like it was before  
Broken hands, your bones on show  
Who could ever blame you for letting go  
Broken hands, your bones on show  
Who could ever blame you for letting go  
Please just hold on!

So please, won't you sing me to sleep  
I never want to wake up  
I never want to feel like it's just a dream  
Won't you sing me to sleep  
I never want to wake up  
I never want to feel like it's just a dream
