

## Cave Bitch

Ice Cube

Give me a black goddess sister I can't resist her. No stringy haired, blonde hair, blue eyed, pale skinned buttermilk complexion. Grafted, recessive, depressive, ironing board backside straight up and straight down. No frills, no thrills, Miss six o'clock, subject to have the itch, mutanoid, cauczoid, white cave bitch...

Ease back white bitch, I don't play that  
Just because I got on my L.A. hat  
Stalkin' walking in my big black boots  
Is my jingle, now you want Mandingo  
Big, black and handsome  
I should hold your devil ass for ransome  
Sorta like Patty Herst, but I'll burst first bitch  
And you know what's worse  
I'm coming from the land where the choppers roam  
So phuck you bitch and your Coppertone  
Stringy hair - no derrier - frontin' and fakin' with your silicone pair  
Do I wanna phuck? Not hardly  
That's kinda like Barbie phuckin' Bob Marley  
It ain't gonna happen, I keep rappin'  
Muthaphuck Teniell, but see I'm the Captain of this ship  
And I'm true to the game  
Ya all look the same  
Standin' by my backstage door, hopin' that'll switch  
Spread out you little cave bitch

Why everytime we get famous  
You wanna play us like Andy and Amos?  
The devil sent you to try and tame us  
But you can't tame me, with no bitch named Amy  
Lookin' for the dark meat  
But ho, I ain't tryin' to go out like Barkely  
Cuz everytime I turn on the TV  
I see several brothers with she-devils  
Smilin' cuz you out on a date  
But sooner or later, the bitch'll yell rape  
Soon as daddy found out you a jigaboo  
He'll kill like he did Emmitt Till  
Yah, he tried to kick bass  
But the bitch probably threw it in his face  
Sargent Bale ain't nothin' but a trick  
Nasty as hell, stanky little cave bitch

Now don't think that I hate you  
Cuz I won't date you, bitch I gotta stay true  
You can be a fan, but don't expand  
And try to get my dick in your hand  
You better run to the minute man  
Pale as snow, so act like y'know  
Cuz if I slap it, flip it, and rub it like that  
Yeah, it gotta be black  
Plus yo ass too flat  
I need a butt big enough that can clap  
Rat-a-tat-tat  
You can't get mine ho  
I'd rather phuck an albino  
Atleast I know, she's comin' from the Nubian

And not the Ku Klux Klan that you be in  
And I don't give a fuck if your family is rich  
You're still a little cave bitch
