Ice Cube

Dear Mama, If some people came by the house lookin for me  
I'm innocent of anything they say I done  
Now I don't know when I'll be able to write you again  
But I will be back to California to see you  
Your son, Ice-mutherfucking-Cube.

Keep my hand on my gun cos they got me on the run  
I swear I didn't do what they say I done (2x)

Ghetto destroyer, paranoia, I need a lawyer  
This bitch named Netoia, say they lookin for ya  
Got to get the fuck out of here (yeah right)  
This bitch dimmed the lights (nigga, spend the night)  
Bust a quick nut, got to fuck up and gat on  
Cos this the same street I got shot on  
So God bless Don Polla, double-s

Freakin, niggaz be leakin, information  
Got the feds seekin, incarceration  
Niggaz say my name popped up  
Bitch hop up  
Nigga close the shop up  
They try to stop em  
My cash flow leave me asshole neck it  
Gone in sixty seconds, burn all records  
Nigga gettin skinny eating dinnies  
Count my pennies, only got a bag fulla twenties

Listen, these feds fishin for this extradition  
I'm on a mission, fuck em, fight em, dine em, ditch em  
I gotta kick rocks, can't pick locks  
Or spend the rest of my life in a shit-?bath

It's so hard to get a room without a credit card  
It's so hard not to let em know where you are  
Tried to get a rent a car  
But he laughed when I showed him cash  
Had to mash 'fore he called the feds on my ass  
Went to Vegas for the weekend  
Met a hoe down freakin  
Hey bitch, why you sneakin?  
Grabbed the paper out her hand  
Am I the man on the front page? (Fuck)  
Same height, same age (click-click)  
Rap gauge, put it down the G-way  
Got my hostage suckin sausage on the freeway  
She say "Let's hear the circle K"  
Ran inside and made the niggaz all pay  
It's like I hit the Lotto outside Colorado  
Brought it there for his wallet and my bottle  
That's my motto and I gotta warn ya  
before I'm through, I'm going back to California

Keep my hand on my gun cos they got me on the run  
I swear I didn't do what they say I done (2x)
