Rule number one, get yourself a gun A nine in your ass'll be fine Keep it in your glove compartment 'Cause jackers they love to start shit

Now if you're white you can trust the police But if you're black they ain't nothin' but beasts Watch out for the kill Don't make a false move and keep your hands on the steering wheel

And don't get smart Answer all questions, and that's your first lesson On stayin' alive In South Central, yeah, that's how you survive

Okay, make sure you have your Camcorder ready To witness the extracurricular activities on blacks by the police So you and your family can enjoy this tape, over and over again

Rule number two, don't trust nobody Especially a bitch, with a hooker's body 'Cause it ain't nuttin' but a trap And females'll get you jacked and kidnapped

You'll wind up dead Just to be safe don't wear no blue or red 'Cause most niggaz get got In either L.A., Compton or Watts

Pissed-off black human beings So I think you better skip the sight-seeing And if you're nuttin' but a mark Make sure that you're in before dark

But if you need some affection mate Make sure the bitch ain't a section eight 'Cause if so that's a monkey-wrench hoe And you won't survive in South Central

Now you realize it's not all that it's cracked up to be

Ice Cube

You realize that it's fucked up! It ain't nothin' like the shit you saw on TV Palm trees and blonde bitches? I'd advise to you to pack your shit and get the fuck on Punk motherfucker

And you need your ass straight smoked Yo I wanna say whassup to DJ Chilly Chill Sir Jinx, aiyyo Cube these motherfuckers, don't know what time it is So show these motherfuckers what's happenin' Tell these motherfuckers, don't fuck around in South Central Goddamnit!

Rule number three, don't get caught up 'Cause niggaz aren?t doing anything that's thought up And they got a vice On everything from dope, to stolen merchandise

We discern 'Cause South Central L.A., is one big germ Waitin' for a brother like you to catch a disease And start slangin' keys

To an undercover or the wrong brother And they'll smother, a out of town motherfucker So don't take your life for granted 'Cause it's the craziest place on the planet

In L.A. heroes don't fly through the sky of stars
They live behind bars
So everybody's doin' a little dirt
And it's the youngsters puttin in the most work

So be alert and stay calm As you enter, the concrete Vietnam You say, the strong survive Shit, the strong even die, in South Central
