so learn a quick lesson, about your Smith and Wesson
Sit your ass back and comprehend
as I let you know about man's best friend
Now remember: it used to be a dog like Lassie
but now in ninety-one it's a gun if you asked me
Just like a jimmy hat's used for protection
I use my nine when suckers start to flexin
Cause if you run up and try to play mine
I'd rather have a AK than a fuckin canine
Cause if you shot your gun, and my dog tried to fetch her
me and the dog's goin out on a stretcher
And I ain't with that, so I gotta get that
big black gat, aim and I hit that
Forget about a dog fool, he'll shit in the den
Nowadays.. a gat is man's best friend

Here is the reason why Ice Cube pack Just in case the little punks try to jack I can't put a motherfuckin pitbull under a coat, in the small of my back So I gotta take my beretta, and I betcha it'll probably work, a 100 percent better Cause it'll keep me out of danger with sixteen in the clip and one in the chamber So this goes to all y'all intruders Beware of the owner, cause the owner is a shooter I don't just wanna give your ass rabies I'd rather have your ass pushing up daisies And I can't do that with Benji, Rin Tin Tin, or Spuds McKenzie Forget about a dog fool, he'll shit in the den Nowadays, a gat is man's best friend
