Niggas are in a state of emergency
The death side a mirrored image of where we are today
The life side a vision of where we need to go
So sign your death certificate...

Fuck all, y'all
Lisa got him

Alright, on three, one, two, three Get all folks together, walk this way Can't believe it though The homeboy, hey, open that door Open it, alright 'right

We've come together by God's demand Whether it be for life or death Well, this morning, it's over the mourning Of one of our little brothers

This brother was a good brother

He didn't get into an excessive amount of trouble

But it's one thing, it's one thing, it's one thing...

He was the wrong nigga to fuck with!
