If you're system is wack then you should hear.  
Easy, easy Easy to remember

I had to tell you something and I'm gonna amaze  
With the super-sonic style The king of the craze  
The DJ breaks the records that he plays  
He wouldn't like to go back to the early days  
Cuz now is the boom all the hiphop started  
Everybody wants a chance to get on it  
But I'm here already I'm here to remain  
So you gotta get freaky and feel the same

If your system is wack then you should hear  
Easy to remember  
If your system is wack then you should here  
Easy to remember

If you ever get the fever you know  
I know the kind of problems that you got  
Can be doses of rage or urge  
But if it is an urge watch out your freak don't rot  
Even on the floor when you're rockin a jam  
And if it's not in your body go home and say dam  
Come on freaks just like you use to do it  
Jam on the floor don't worry if they booin

Easy, Easy to remember

So easy, easy to remember  
It's just real intellectual muscle  
(Cuz the music is still alittle rough)  
(The music is still alittle rough)  
It's just real intellectual muscle  
(The music is still alittle rough)  
(The music is still alittle rough)

If you heard of rock and all that junk  
But it's time you started listenin to hard core funk  
We got troubled funk the mac James Dean  
Who went down and devastated music history  
But on the other side music has stopped  
Whodini and Grandflash started to drop  
A new kind of style that was real exquisite  
Get closer to the speaker and let's get with it

Easy, Easy to remember  
So easy, easy, easy to remember  
Easy, easy, easy to remember  
It's just real intellectual musle  
Easy, so easy to remember
